

Journey of Discovery with Archie Pre-Session Tips!

Thank you for scheduling a Journey of Discovery with Archie session! Archie and I greatly look forward to our experience together. The following pages give tips and suggestions on ways you can prepare for your session, so that you may deeply and fully receive Archie's vast love, profound healing, and wise counsel.

How does the session work?

- **We'll connect by phone**, using a conference system that will automatically record the call. When it's time for our session, please call this phone number: **1-641-715-3836** (Country Code 001), and then enter the access code: **754892 #**.

If you have any trouble connecting, you can e-mail me, or call or text me directly on my cell phone: **928-274-6423**.

After the call, I'll email you the MP3 recording, so that you can listen again whenever you like.

If you live outside of the U.S., it's possible that we can use another conference system that provides a phone number in your country that you can call, to save you the cost of an international call. If you'd like to explore this possibility, [send me an e-mail](#) and tell me what country you live in, and I'll let you know if this option is available to you.

Skype is not an option for these sessions, unfortunately. It just doesn't work for me to sit in front of the computer when I channel! If you'd like to use Skype, it's OK for you to use "Skype Credit" to dial out from your computer to the conference phone number above.

- **You and I will talk briefly to connect our energies, and then I'll go into trance and Archie will come through.** He usually comes through with tones first, and then words.
- Archie recommends that you come into the session with some **written notes**, for example:

What questions do you want to ask Archie?

What specific issues or challenges in your life do you want help with?

What outcomes would be exciting for you to receive as a result of this session?

- **At the end of the session, Archie will say goodbye, and then I (David) will come back in.** Please stay on the line until I return, so I can also say goodbye!

How can I maximize my session experience?

Create a calm, peaceful, and nurturing space for your session, somewhere you can be comfortable and undisturbed. At some point during your session there will be one or more energy transmissions, and for those you'll want to be able to sit back or lie down in a relaxed and comfortable position.

If possible, we highly recommend the use of a telephone headset or speakerphone, so you're not holding the phone to your ear during the session. This makes it much easier to relax and receive!
